3M

Advanced Exchange for Warranty 3M Headset Equipment

Summit Innovation offers an advanced replacement for 3M products whilst your equipment is being assessed for warranty. To participate, please follow these steps:

1. Fill out the form below, listing equipment and full fault details
2. Email the completed form to service@summitaustralia.com.au
3. Once received, Summit Innovations will send the replacement equipment to your store
4. When your store receives the replacement equipment from Summit Innovations, please send the faulty equipment to Summit Innovations using the address label below
5. Equipment will be evaluated by Summit Innovations for warranty (**physical and liquid damage will void warranty**). If the warranty does not apply, you will be charged for replacement of the equipment already supplied

PLEASE NOTE: If the faulty equipment is not sent back to Summit Innovations for warranty assessment, you will be automatically charged two weeks after we supply you with equipment.
